LB 937, 951

would be used by the contractors when they would be submitting their bids, they chose not to do that so that the bid included the sales tax collection, and then after the contract was paid, the agency could file for a reimbursement for that tax that had been paid, was a bit of a windfall when that was done. I'm sure that the practice isn't being done any more but we know that it was done on occasion and we feel that it is inappropriate that it should be done and this language is to prohibit 't from now on. The third amendment is identical to the amendment that we adopted on 924 dealing with the Capitol environs and the requirement of that plan to be submitted, as I indicated before, to the Legislative Exec Board and to the Governor by September 30th for their approval or in the case of the Exec Board for their review. I move the adoption of the amendments.

SENATOR WARNER: 951 has...oh, excuse me.

PRESIDENT: Do we have E & R?

CLERK: There are no E & R amendments, Mr. President.

PRESIDENT: All right. Senator Warner.

SENATOR WARNER: Mr. President, we just have one amendment for 951, one which is an increase in their personal service limitation as well as their authorized cash fund appropriation reflected some salary adjustments that had occurred since the submission of their budget requests and it is a small agency so it takes with few employees and any kind of adjustment that affects the need to adjust the personal service limitation. That is what this amendment does and I move its adoption.
